CONSENT TO APPLICATION OF PERMANENT COSMETICS

Today's Date: ____/____/____

Client Name: _____

Date of Birth: ____/____/____

I, _____ (client name), am over the age of 18, am not under the influence of drugs or alcohol, am sound of mind and capable of making decisions for myself, am not pregnant or nursing, have no health conditions contraindicated to and desire to receive the indicated permanent cosmetic procedure. The general nature of cosmetic tattooing as well as the specific procedure to be performed has been explained to me.

Please initial all points.

_____ (initial) I have thoroughly read and understand the what I was instructed to read prior to my appointment, on I asked any/all questions that I had relating to this document.

_____ (initial) I understand that the taking of before and after photographs of the said procedure(s) are a condition of such procedure(s) and give my permission for them to be used in future marketing/advertising.

_____ (initial) I have been informed of the nature, risks, and possible complications and consequences of permanent cosmetics skin pigmentation. I understand the permanent skin pigmentation procedure carries with it known and unknown complications and consequences associated with this type of cosmetic procedure, including but not limited to: infection, scarring, inconsistent colour, and spreading, fanning, migrating or fading of pigments.

_____ (initial) I understand that this procedure may involve pain and discomfort during and after the procedure despite the use of topical anesthetic preparations and swelling, redness or bruising may occur.

_____ (initial) I fully understand that this is a tattoo process and therefore not an exact science, but an art, and 100% success or perfection cannot be guaranteed. I request the permanent skin pigmentation procedure(s) and accept the permanence of the procedure as well as the possible complications and consequences of the said procedure(s).

_____ (initial) I agree that whether or not I am satisfied with the outcome of the procedure, refunds of any amount are not available.

_____ (initial) I acknowledge that that it is not reasonably possible to determine whether or not I might have an allergic reaction to any of the pigments, topical preparations or tools used in the procedure. I agree to accept the risk that such a reaction is possible and release the technician from liability if I develop an allergic reaction.

_____ (initial) I understand that I will have the opportunity to approve the colour and position of the permanent cosmetics to be applied, and I accept responsibility for the choice of the colour, shape and position of my eyebrows, eyeliners, lip liner, lip extension and/or full lip colour fill in. I accept responsibility for explaining my desires to the technician before the procedure.

_____ (initial) I understand that human faces are naturally asymmetrical due to bone structure, muscle movement and skin laxity, and although my permanent cosmetics technician will make an effort to correct any asymmetry I have presented, a perfect symmetrical outcome is not implied or guaranteed.

_____ (initial) I understand that the actual colour of the pigment may be modified slightly due to the tone and colour of my skin.

_____ (initial) I understand that if I am requesting Hair Stroke or 'Microblading' Eyebrow styles of permanent cosmetics, that crisp, defined pigment is not guaranteed on all skin types. I understand that if I have combination, oily, very oily or aged skin with wrinkling that the individual pigment strokes may heal wider, blurred or even as a solid colour. I have been informed of such potential outcome and given other options and agree to proceed.

_____ (initial) I understand that correcting or touching up Permanent Cosmetics procedures that were previously performed by other technicians involves additional risks because of the existence of permanent pigments of unknown composition, brand, colour, age, shape and other factors over which my technician has no control. I understand that additional appointments after the initial procedure and follow-up appointments may be required, and will be billed at the standard rates. I understand that my technician cannot predict the results in advance and cannot guarantee and has not represented that the results will be as I desire.

_____ (initial) I understand that the permanent cosmetics procedure is a process, often requiring at least one touch-up and that my procedure is not considered complete until the first touch-up appointment is completed in 5-7 weeks following the initial procedure.

_____ (initial) I understand that if the follow-up touch-up procedure is not completed within the specified time frame, the technician is not held responsible or liable for any complaints of unfinished work. I understand that if my follow-up touch-up procedure is not completed within the specified timeframe, said discounted appointment is forfeit and the procedure will be charged as a standard colour boost.

_____ (initial) I understand that the follow-up touch-up procedure is to fill in any small spots of colour that did not remain in the skin from the initial procedure and it does not include reshaping (i.e. adding more width or length) of the eyebrows, eyeliner or lip colour.

_____ (initial) I understand that any additional touch-up beyond the 4-7 week appointment will incur an additional fee. This cannot be predicted in advance, and regardless of the reason or cause, the fee will be billed to cover supplies and operating costs.

_____ (initial) I understand that this procedure will fade over time and that this fading can alter the original pigment colour and tone and that this determines when it is time for a touch-up. I acknowledge that touch-up procedures will be required every 6 to 24 months to keep my permanent cosmetics pigment vibrant. I understand that if I delay a touch-up appointment and my permanent cosmetics has dramatically faded it may be considered a new procedure and incur associated new procedure fees.

_____ (initial) I understand and accept that the permanent cosmetics technician is not to be held responsible for the changes in pigment colour due to my biology, lifestyle and behaviors. I acknowledge that sun exposure, chlorine pools, medications, smoking, the natural aging process, my skin's unique biology, and the use of skin care products which cause exfoliation and lightening (Retinols, Vitamin A topical, AHA/BHAs, glycolic acids, chemical peels, Laser treatments, prescription lightening agents) may prematurely fade or alter the pigment which may require a touch-up procedure.

_____ (initial) I understand that if I have any skin treatments, laser skin resurfacing, IPL (Intense Pulsed Light), laser hair removal, plastic surgery, Botox or other cosmetic injections, or any other skin altering procedures, it may result in change to the colour and/or the position of my permanent cosmetics. I agree to inform technicians and/or medical professionals about my permanent cosmetics. I acknowledge some of these potential adverse changes may not be correctable through further permanent cosmetics procedures.

_____ (initial) For Eyeliner procedures, I acknowledge that corneal abrasions are a rare side effect, especially if I rub or scratch my eyes or apply contacts too soon after the procedure. I understand that I will be required to keep contact lenses out on the day of the procedure and may need to keep them out for two to three days post healing.

_____ (initial) For Lip procedures, if I have ever had cold sores, fever blisters or an outbreak of the herpes virus, I will consult with and strictly follow my doctor's instructions before contemplating any permanent cosmetic procedure around my lips. I understand that if I have a history of such viral outbreaks, permanent cosmetics lip procedures are not to be done without anti-viral prescription medication prescribed by my doctor and it is mandatory that they are taken prior to, during and following the healing of the lip procedure. I understand that I may experience a viral outbreak despite the use of anti-viral medications and my permanent cosmetics technician is not responsible for the subsequent outcome of the permanent cosmetics procedure if such an outbreak occurs.

_____ (initial) I have received pre- and post procedure instructions and I will strictly adhere to such instructions. I understand that my failure to follow my care instructions may jeopardize my chances for a successful procedure and may result in pigment loss, scarring, infections or discolouration.

_____ (initial) I acknowledge that complications are always possible as a result of the permanent cosmetics procedure, particularly in the event that post-procedural care instructions are not followed. I am aware that if an infection occurs, I am to see my physician and inform the permanent cosmetics technician of such an event.

_____ (initial) I accept full responsibility for any and all, present and future, medical treatment(s), correction(s), removal(s) and expenses I may incur in the event I need to seek treatment(s) for any known or unknown reason associated with the procedure(s).

_____ (initial) I agree to release, forever discharge, and forever hold harmless Nadia Lewis and its associates, location, agents, officers, and shareholders from any and all claims, damages, or legal actions arising from or connected in any way with my Permanent Cosmetic tattoo or the procedures and conduct used to apply my Permanent Cosmetic tattoo, and any and all Permanent Cosmetic tattoos applied by Nadia Lewis and its associates, agents and representatives in the future.

_____ (initial) I have been given the full opportunity to ask any and all questions which I might have about obtaining permanent cosmetic procedures from my technician and that all of my questions have been answered to my full and total satisfaction.

I certify I have read and initialed the above paragraphs and have had explained to my understanding this consent and procedure permit. I accept full responsibility for the decision to have this permanent makeup /cosmetic tattoo work done.
